

SUCCESS STORIES - BOX HILL SCHOOL

Box Hill is a small independent co-educational boarding and day school, set in a beautiful location with a mix of classic architecture & modern buildings.

With a substantial amount of building work going on around the school, they needed a flexible locker solution which would not interfere with the renovation work.

160 x 900mm high plastic lockers were installed in sheltered spots around the school. Once all construction has been completed the lockers will be relocated to more permanent locations.

Excellent! Installation team was great. Quick, confident, no fuss.

Everything installed on time with no hassle. Afterwards everything was left clean & tidy.
